Injectable Treatments

PRICE LIST

Booking an injectable appointment

Before proceeding with any injectable treatments, we prioritise your wellbeing by scheduling a consultation. This step ensures a thorough understanding of your individual needs and allows us to discuss personalised treatment options. Your safety and satisfaction are our top priorities, and the consultation sets the stage for a successful and tailored injectable treatment experience.

Anti-wrinkle Injections

Anti-Wrinkle injections, popular for both men and women, use tiny injections to reduce muscle movement and diminish facial wrinkles for a refreshed appearance.

 PROCEDURE	 RECOVERY	 RESULTS
30 minutes	Immediately	14 days
